ABOUT US

The Alchemy real estate family proudly continues a three-decade tradition of developing world class properties while anticipating trends through constantly evolving market cycles. A unique blend of skill and experience is exhibited in more than 40 developments ranging from high-end luxury condominiums to premier office buildings.

Alchemy Properties is actively engaged in the acquisition, development, financing, marketing and sales of luxury condominium properties throughout the New York metropolitan area. Since its inception in 1990 it has delivered well over three million square feet valued at over \$6 billion.

Alchemy-ABR Investment Partners is an investment, development and operating company formed in 2015 which acquires, develops and repositions ground up, cash flowing and value-add commercial and multifamily opportunities in the New York metropolitan area, South Florida and other select gateway markets.

Kenneth S. Horn and Joel Breitzkopf are principals of Alchemy Properties. Brian Ray joined them as co-founder and managing principal of Alchemy-ABR Investment Partners in 2015. Our leadership brings a practiced eye and deep background in sourcing, analyzing, structuring and executing highly complicated real estate opportunities in partnership with some of the country's leading real estate organizations and institutional investors.

Our principals are supported by vertically-integrated teams with deep knowledge of real estate markets and process. Success stems from control of all facets of a project from acquisition through completion, which, coupled with strong ties to debt and equity sources, reduces the inherent risk of real estate ventures and increases the certainty of execution. Dealings with partners, investors, lenders, vendors, neighbors, tenants, sellers and buyers are conducted with the highest levels of integrity, respect, moral and ethical standards.

Based on our expertise in developing and operating real estate across all asset classes, our partners, lenders, and other real estate owners often turn to us for trusted strategic advisory services during their acquisition, development, entitlement and disposition process.

With a stellar track record, global relationships and wide-ranging hands-on experience in a diverse set of disciplines, we are poised to recognize and capitalize on unique and dynamic investment opportunities.

APPROACH

From an investment perspective, we emphasize capital preservation first and foremost, instead of assuming unmanageable risks to chase outsized returns. We combine an institutional infrastructure with an entrepreneurial spirit to bring a fresh approach to well-located assets in high-barrier-to-entry markets. We engage in systematic and strategic repositioning initiatives to increase cash flow, effectuate capital improvement programs, and rebrand assets.

Preference is given to projects where our teams' acumen in complex, challenging deals leads to greater success and value-creation. We rigorously pursue off-market opportunities and rely on the breadth and strength of our industry relationships, cycle-tested institutional knowledge, and the ability to assess and finance investments.

We seek to develop architecturally distinct condominiums and commercial properties that respect their location, neighborhood and site; buildings that will live in harmony with their surroundings and add character and value beyond the economic. We are actively seeking opportunities within the New York metropolitan area, South Florida and other select gateway markets.

We also target existing office, retail, multifamily, industrial and mixed-use properties ranging from \$25M to \$400M which can be acquired at significant discounts to replacement cost or can be developed at attractive risk adjusted yields on cost. Core, core-plus, value-add and ground-up opportunities within the New York metropolitan area, South Florida, and other select high-growth markets.

TEAM

As seasoned real estate professionals, the actions and ideas of each and every one of us come together to create a team where the whole is truly greater than the sum of the parts.

KENNETH S. HORN, ESQ.

President & Founder

Kenneth Horn founded Alchemy Properties in 1990 and has been actively involved in development and other aspects of real estate in the metro area for over 35 years.

Since founding Alchemy, Kenneth has been directly responsible for the acquisition, strategic development, financing, construction, renovation, marketing and conversion of over 3,000 apartments, including the ground-up or rehabilitation development of more than 25 residential and retail buildings in Manhattan, Brooklyn and Queens. Kenneth has personally overseen the sale of over \$4 Billion of real estate. Kenneth's most notable acquisition to date is the conversion of the tower floors of the National Landmark Woolworth Building. He has lectured at the Yale University School of Architecture, the University of Pennsylvania, the Wharton Graduate School of Business and is a former Professor at New York University's Master's Program in Real Estate.

A graduate of Brandeis University and the University of California, Hastings College of the Law, Kenneth is a member of the New York State Bar. He is also a Board Member and former President of The Catalog for Giving, a non-profit organization that distributes funds for after school programs to New York City school children.
